

Syllabus 2026

n8n

Ai Automation

Prepared By:
TECH ENGINEER, Mohali

This n8n automation program is designed to provide complete practical knowledge of online and offline dev tools and strategies. Students will learn how to use Ai for making manual process automate and build successful online careers.

PROGRAM IS BEST SUITED FOR

Entrepreneurs

College Students

Marketing Professionals

Job Seekers

WHY YOU SHOULD LEARN n8n Ai Automation

Key Reasons to Learn n8n Ai Automation:

- **Powerful AI & API Integration:** n8n shines at combining AI capabilities with existing apps, allowing you to build, test, and deploy complex AI agents—such as automated customer service or content generation—without writing code for API connections.
- **Open-Source & Secure:** Unlike proprietary, closed-source competitors, you can self-host n8n to maintain full control over your data, a crucial factor for compliance.
- **Cost-Effective & Scalable:** It is free to use, allowing developers to build robust, production-level automations without the high subscription costs.
- **Visual & Flexible Workflows:** The visual editor enables both technical and non-technical users to build and understand complex logic.
- **Fast Prototyping:** You can go from idea to a working AI workflow in minutes, allowing for rapid testing of new automation ideas.

Core n8n Learning Modules & Syllabus

These modules cover the foundational to advanced, industry-standard curriculum for learning n8n:

Module 1: Introduction to n8n Ai

- What is automation & why use it?
- n8n Architecture.
- Setting up n8n hostings.
- Understanding of n8n Automation

Module 2: Intermediate Workflow

Techniques

- Using the Set/Edit Fields node
- Conditional logic (IF, Switch nodes)
- Loops (Split In Batches)
- Different sources data merging

Module 3: AI & Specialized Integration

- LangChain integration (OpenAI, Claude, Google AI)
- AI agentic workflows (planning, action, reporting)
- Working with Binary Data (PDFs, images)
- Best practices for clean workflows
- Monitoring and performance optimization

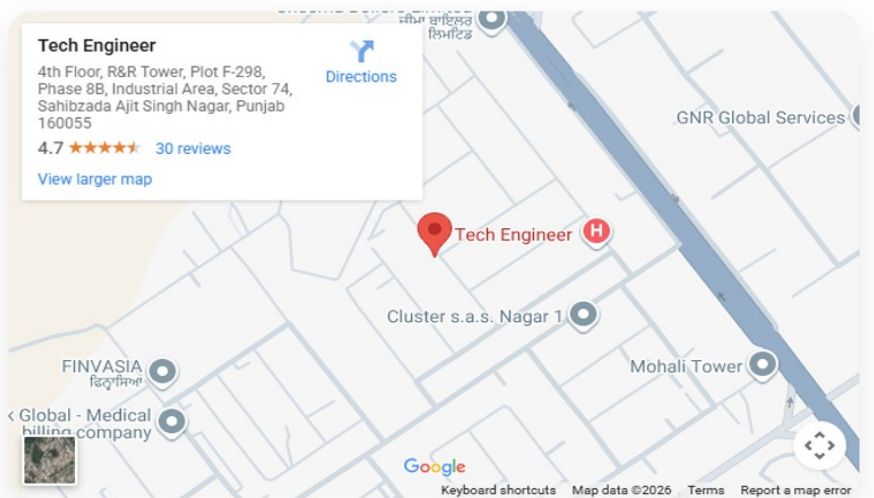

Certificate

Upon completing this Certification course, you will receive a program completion certificate from Tech Engineer, Mohali (Pb). This certificate will testify to your skills as an expert in the completed course.
